Council grants road access permits

LINCOLN Minerals has been granted a permit to use a portion of Norton Lane, off Flinders Highway, after weeks of deliberation by the Lower Eyre Peninsula District Council.

It has also been given permission to use an area north of the unconstructed section of Duck Pond Drive.

The council has also granted a farmer in the area a permit to use a portion of Black Swan Lane road reserve for agricultural purposes.

The mining exploration company hoped to get exclusive rights to Norton Lane road reserve to access its exploration lease.

After public consultation the council decided neither party would be given exclusive access.
